STARTER FERTILIZER

45 lb bag covers 15,000 sq ft

Yard Mastery™ Starter Fertilizer 12-12-12 is the perfect blend of macros and micros for use anytime you want to give your lawn a hearty, balanced application. Premium nitrogen in the form of ammonium sulfate is known for being one of the more efficient plant sources bringing a striking blue-green color to all grass types. Phosphorus is also there in equal proportion to push healthy roots supported by sulfate of potash, also a more premium source of potash with a lower salt index. “Starter fert fixes everything” is true, especially with our triple 12 because it also comes with 3% iron and a smattering of additional micronutrients lawns need. It’s also spiked with Bio-Nite™ our premium natural additive that stimulates microbial activity and healthy soil overall. Smells like success which tells you it’s working!

Spreader Settings 3lbs/1,000 sq ft:

SCOTTS ELITE	SCOTTS EDGUARD DLX	SCOTTS EDGUARD MINI	EARTHWAY 2600 A PLUS	EARTHWAY 2050	ECHO RB60	LESCO
5.25	5.25	5.25	16	16	5.5	14

Best times to apply

Starter Fertilizer 12-12-12 can be applied year round anytime your lawn could benefit from a complete balance of nutrients. Spring summer and fall, all grass types will love the triple 12. Yard Mastery Starter Fertilizer also makes an excellent application at the time of seeding, sodding, plugging or sprigging to get your new lawn off to a great start.
