STRESS BLEND

45 lb bag covers 15,000 sq ft

Yard Mastery™ Stress Blend 7-0-20 is ideal for stressed lawns due to extreme heat, insects, disease and drought. Yard Mastery Stress Blend is the key to quick recovery. With 100% slow release nitrogen coupled with 20% potassium which help lawns recover. Stress Blend also contains micronutrients iron, zinc, magnesium, boron and manganese to further support turf in stress. It's the ultimate fertilizer for high heat times to keep your struggling turf green and healthy. As with all Yard Mastery fertilizers, Stress Blend is spiked with Bio-Nite™ to feed microbes and encourage healthy soil.

Spreader Settings 3lbs/1,000 sq ft:
